CXC-4024

Copy 2 of 3

15 October 1962

The Perkin-Elmer Corporation  
Main Avenue  
Norwalk, Connecticut

Attention: [redacted]

Gentlemen:

There is enclosed a copy of the Auditor's Report on Audit  
of T&M Subcontract, P.O. No. 58045, with [redacted]  
[redacted]

The Auditor has determined that total cost of [redacted] was  
incurred in the performance of the subcontract. Final settlement  
of the subcontractor's claim in an amount not to exceed [redacted] is  
approved providing performance of the subcontract was satisfactory.

Attention is invited to the Auditor's comments regarding  
verification of rates, the use of the same personnel in different  
labor categories, and cost of meals while on assignment to your  
plant insofar as these items may conflict with your understanding  
with the subcontractor and affect settlement of the subcontract.  
In the event the services of this subcontractor are required in  
the future, these items and particularly the use of designers  
as qualified consultants should be carefully considered.

Very truly yours,

[redacted]  
Contracting Officer
